UHF FM HANDHELD TRANSCEIVER

DJ-FX45

FC

License-Free
FRS-14ch

Pocket Some Radio Power!

This new UHF FRS transceiver packs a lot of performance into a super-compact body. The DJ-FX45 features clear, crisp audio with a compact antenna where portability comes first. Capable of operating 14 FRS channels with full legal output, it's perfect for any application where instant short-range communications are necessary; keep in touch around the house, down the road, in a theme-park, shopping mall, exhibition hall, for business, factory, warehouse, outdoor sports, hunting, fishing...where you need to talk to someone, the DJ-FX45 is a brilliant cost-effective alternative to a cellular phone!

Feature

- Computer-programmable with free software downloadable from Alinco website (Optional ERW-8 interface cable required)
- Includes a long-life 3.7V 1000mAH Li-ion cell for full legal-limit TX output and clear, crisp 300mW Audio output
- Compact size 1.97W x 6.18H x 0.75D inches (with antenna)
- Weight approx. 3.175 ounces inclusive of EBP-90 battery pack and antenna
- Efficient ultra-compact antenna for better portability
- Scan functions
- 50 CTCSS tones and 105 DCS Tones
- Simple, easy-to-use interface and Back-lit, large LCD screen
- Includes VOX function, APO, Low Battery indication, Key lock function, Tone Call, and more!
